

Photo Workshop

September 20-22, 2016

Landscapes • Panoramas • Wildlife • Macro
Sunrise/Sunset • Focus Stacking • HDR

**Art Weber • Jim McCormac
David FitzSimmons**

Learn with Pros!

Join Sigma Pro photographer David FitzSimmons, along with photographer-naturalists Art Weber and Jim McCormac, for a three-day photo workshop along the beautiful south shore of Lake Erie, exploring everything from landscapes to macro to wildlife. Photograph sunrises, sunsets, wetlands, Lake Erie shorelines, birds, flowers, glacial grooves, Marblehead Lighthouse, and more.

Workshop will feature both classroom and field sessions. Registration includes meals and lodging. Sigma will provide a variety of loaner lenses in popular mounts. Plus, over \$1,000 in door prizes!

Sigma Pro Photographer David FitzSimmons teams up with Art Weber, Director of the National Center for Nature Photography, for an island photo adventure, shooting sunrises, sunsets, cobbled beaches, rocky coastline, coastal alvars, and a variety of wildlife on one of Lake Erie's most scenic natural wonders. Learn with pros along pristine coastlines and photograph rare species and natural areas inaccessible to the public.

Classroom and field sessions will focus on scenic and macro photography. Registration includes lodging and meals. Sigma loaner lenses allow you to try out new glass, plus over \$500 in door prizes!

For more info and to register for 3 days of learning and fun, visit www.fitzsimmonsphotography.com
